

Fitur Loading Planning Software  
**ECO-ASSISTANT**  
 With iStow 3D

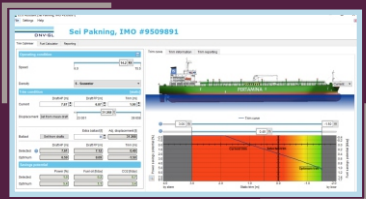

**Reliable & Accurate**

**iStow 3d**

- 1. Stability - calculation of **Intact stability** and **damage stability**
- 2. Longitudinal Strength - calculation of **shear forces** and **bending moment**

**ECO-ASSISTANT**

- 1. Trim optimization – displays optimum trim and related fuel savings
- 2. Fuel consumption calculation – identifies benchmark and expected fuel consumption in various operating conditions
